In partnership with

"Skip along the trail, jumping the forest fire as you roam  
Hopscotch past the logging trucks to save the tigers home  
Dodge a tropical storm, and count the creatures in the deep blue sea  
Collecting rubbish as you go to keep it pollution-free.

Jump from iceberg to iceberg guiding the polar bear back to its ice sheet  
Hop along the mini beast trail how many insects can you greet?

Watering the flowers along the way to help our friends the bees,  
chase the poachers through the maze watch for them hiding behind the trees  
Dodge the oil spill and Jump over the landfill... what a lot of pollution.

Follow the winding path to the recycling centre, that is the solution!"

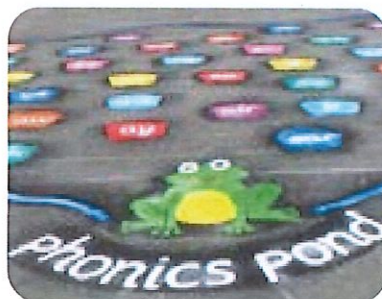

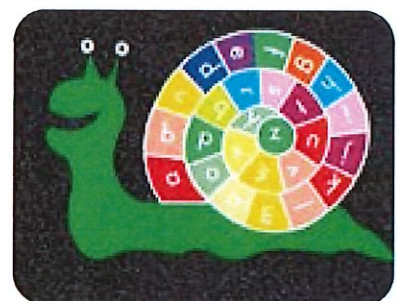

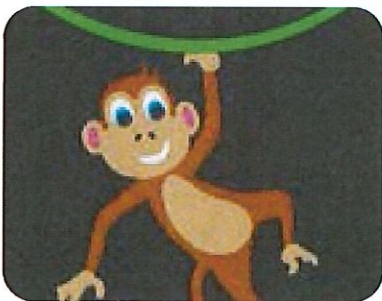

# TOP TIPS FOR YOUR DESIGN

1. Your design should be bold and colourful with simple shapes making up your design-remember to keep letters and numbers big enough to read easily.
2. Your journey should include hops, skips, jumps, letters and number games to keep your body and mind active.
3. Your design should include no more than a maximum of 10 elements.
4. See the examples of playground designs below to inspire you; remember the theme is all about saving our planet, so accompany it with a story or poem.
5. Think about what your current playground has. Is there anything missing? What do you enjoy playing with? A maze, jumping, counting, hopscotch or shapes to follow? Use these in your design.
6. Most of all have fun. We can't wait to see your creations!

# TERMS AND CONDITIONS
