Headteacher: Mrs Tracey Fletcher

Safeguarding Team: Tracey Fletcher (Headteacher and Designated Safeguarding Lead)

Vicky Oakes (Deputy Designated Safeguarding Lead)

So whatever you wish that others would do to you, do also to them, for this is the Law and the Prophets.

Matthew 7:12

This week's value: ***Justice***

Dear parents and carers,

Last Saturday was our 'Ground Force Day' and although we had a smaller turn out than normal, we managed to get lots of jobs done. Thank you so much to the families that joined us. We do still however, have a lot of items/waste to go into the skip. On Friday, 24th February, if you are able to, we would really appreciate your help in filling a new skip, so that we can clear the car park. Thank you in anticipation of your support.

This week our value has been justice. In Collective Worship on Monday, we reflected on whether we judged other people, and did we think we were above others. We thanked God for accepting us as we are and asked Him to help us not to judge others.

In the last week of this half-term, we will be holding two parent's evenings. Please can you make sure that you book a time to speak with your child's class teacher. They are very much looking forward to sharing your child's progress with you.

Due to feedback from parents and the rising cost of living, we are setting up a platform where you will be able to buy second hand uniform at a much-reduced price. Once the platform has been set up Mrs Dunbar will send out the details.

Have a lovely weekend,

Mrs Tracey Fletcher

Headteacher

Dates for your diary

Tuesday 7th and Thursday 9th February
INSET afternoons for Parent Consultation meetings 1-6pm

Tuesday 1-5pm Thursday

Children in school until 1pm on both days

Wednesday 8th February

Year 2 Victorian Day

Monday 13th – Friday 17th February

Half term

Thursday 2nd March

World Book Day

Thursday 9th March

Monday 13th – Wednesday 15th March

Book Fair

Monday 13th – Friday 17th March

Science Week

Wednesday 15th March

Year 5 - Junior Life Skills

(more information to follow)

Achievement Awards

Willow in Reception Class for her amazing math work. She has shown great perseverance to try her best and even when she found making a repeating pattern tricky, she didn't give up. Well done Willow.

Eliza in Year 1 for her enthusiasm and hardworking effort in literacy using her phonics to create super sentences. Well done Eliza!

River in Year 2 has been a shape superstar this week. She loved making 2D shapes and having a go at drawing them. River has also been working really hard on her writing and always puts in 100%. Well done River!

Poppy in Year 3 for her continued efforts and focus in all lessons, we are seeing such great results, particularly in her mathematics.

Harrison in Year 4 has been really helpful in class. He has taken the time to patiently help and explain something to a friend in our computing lesson. Well done for your kindness.

Ella in Year 5 has a fantastic attitude to her learning. She always works hard in all subjects at school and at home completes her daily doodle maths and learns her spellings. Well done Ella!

Evie in Year 6 for her very thought-provoking reflection about social hierarchy. You always have a very balanced and non-judgmental view of the World around you Evie. Well done 😊

Value Awards

Beau in Reception Class has a great sense of justice. He is able to talk about right and wrong choices and tries hard to do the right thing. He is also good at thinking about what is and isn't fair. Well done Beau.

Rosina in Year 1 for always being fair and kind. She looks after her friends and shares very well with others. Well done Rosina.

Henry in Year 2 is always fair in his decisions and shows such a good attitude when playing with his friends. He makes sure everyone gets a chance and encourages others to make good choices.

Teddy in Year 3 is a very fair person, he plays team sports with integrity and respect for the rules - he is a great sportsman.

Caitlin in Year 4 is always a very fair person and has a strong sense of justice. She can always be relied upon to do the right thing and be fair in any situation. Thank you Caitlin.

Lucas in year 5 is always fair and just in his interactions with peers and adults in school. You are a fantastic role model Lucas.

Zachary W in Year 6 gave a very balanced argument about how people are treated depending upon their personal circumstances, such as homelessness. I know you do lots of charity work Zach, so keep standing up for those people who might not have a voice.

Sports Report

CSFA 9 a side Football County Cup

Great result for our boys last night against a really strong Charlestown team. From 1-1 at half time, we really dominated the second half, eventually running out 3-1 winners. Kymani was voted Man of the Match. This puts us through to the Semi Finals. Well done boys!

This week in school we have...

Year 6 have been learning about their social hierarchy in the Shang Dynasty, exploring the power system and how workers were exploited. We reflected about social hierarchy today and had some really in-depth conversations about whether they believe such a thing still exists in Britain today. They have also written some exceptional sentences for English connected to the Firework Maker's Daughter. They used onomatopoeia and metaphors to create imagery.

This week Year 2 have gone shape crazy!! They have shown how clever they are at naming shapes and then used their knowledge of sides and vertices to draw and make them. In literacy they have been writing superstars and are getting close to their own independent write. They found out all about exercise in science and asked questions about which exercise would make their hearts beat fastest - testing this out was the best part! We spent time creating William Morris wallpaper using printing and on finding out the differences between a Victorian kitchen and a kitchen now. We acted some important Jewish stories in the woods and thought about what this told us about what Jewish people think God is like. It has been a very busy week!

This week in Year 3 we learnt about the location of the world's rainforests and we made clay South America continents. We also continued working as teams in PSHE where we are designing community gardens with a budget in mind. We also continued our Earth-shattering events English unit and Multiplication work.

Reception class this week followed the wizard's instructions and their egg has started to hatch! There has been great excitement every day coming in and observing any changes. They have also been busy learning about repeating patterns in math and practised their phonics on a frosty morning.

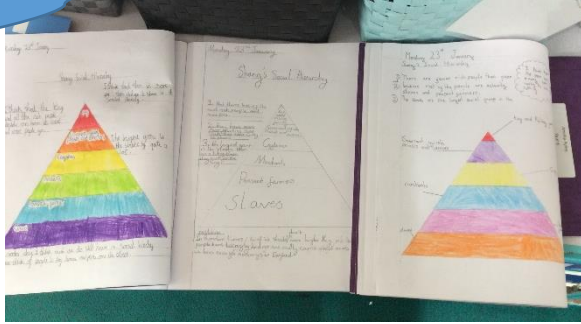

This week Year 1 have been learning through drama and role play in literacy, imagining they are interviewing an alien, one of the key characters in our class story. They have also been joining in with thoughtful discussions about where God is in the world.

This week in our learning, Year 4 have had a fun-filled week. We ventured outside in the woods for our maths lesson on Monday and created times tables pathways to help us to learn these. We started Tuesday in the beauty of our frozen world - we grabbed our wellies and all went outside to walk across the frosted field to celebrate God's wonderful world...then had hot chocolate outside afterwards. We have been continuing with using fabulous metaphors in our English writing. Thursday saw Year 4 become artists 'painting on the ceiling' just like Michelangelo would have done in the Sistine Chapel.

It has been another busy week in Year 5. We have finished writing about the book *Rose Blanche* in English and will start planning our own stories linked to this next week. In history they explored the difference rationing had on children's food in WW2, comparing it to their diet. This week in science they have explored Galileo Galilei and the affect air resistance has on objects (our photo this week shows the children testing different materials). In Maths, Year 5 finished their unit on fractions and started their next unit on multiplication and division in the woods.
